passengers and a crew of 552. A dispatch from San Juan, Puerto Rico, last night, said the German cruiser Karlsruhe had arrived there Sunday morning, taken on enough coal to permit her steaming to Horta, and would leave this morning.

The Karlsruhe is believed to be one of the German cruisers which have been harrying French and British vessels tearing New York for European ports.

The Brazilian steamship company announced today that its fleet of seven vessels had been withdrawn from the coasting trade of South America and until further notice would ply between Brazil and New York. These 80 the Brazilian fleet.

It was said that the government of Brazil, on the representations of collier rubber and other business interests had urged the company to divert its ships. Ships plying between South America and the United States are nearly all under either German or British flag and consequently have been withdrawn.

**GERMAN CRUISER LEAVES
ON MYSTERIOUS MISSION**

San Juan, Porto Rico, Aug. 10.—The German cruiser Karlsruhe took on board 300 tons of coal here yesterday and sailed at 8:30 in the evening for an unknown destination. As she left the harbor she put on full speed and all her lights were extinguished.

Her captain reported that he was in an engagement last Friday night off the Bahamas when the Karlsruhe was pursued by four English and French cruisers. When he first sighted the lights the captain thought it was a schooner until a shot was fired. He said he thought one of the cruisers was disabled as the pursuit was abandoned and the other war vessels appeared to be assisting her.

A lumber schooner from Jacksonville, Fla., arrived here today and reported sighting an English cruiser of the Lancaster type 130 miles to the northeast of San Juan at 2 o'clock on Saturday afternoon, headed southeast.

The German steamer Odenwald and the British steamer Sylvia, both bound for European ports from the West Indies with freight and passengers, have sought refuge in San Juan harbor.

**WIRELESS APPARATUS OF
MIL SHIPPI NG SEALED**

New York, Aug. 10.—United States customs officers were out in the revenue cutter Calumet today and sealed up the wireless apparatus of all vessels in the harbor, dying the flags of warring European powers. This action follows the censorship placed in wireless stations along the coast to enforce the neutrality of the United States.

This new wireless embargo applies to such ships as the German liner Vaterland, which is at her pier. It was reported yesterday that the big Vaterland was working her wireless.

**AMERICAN LINER HAVERFORD
ARRIVES IN PHILADELPHIA**

Philadelphia, Aug. 10.—The American liner steamship Haverford, flying the British flag arrived here today from Liverpool with 255 passengers, having made the greater part of the trip with the lights out. The steamer left Liverpool July 29 and was well out at sea when informed that war had been declared between England and Germany. Every ounce of steam was put on to speed the ship across the Atlantic.

NATION'S NEW BANK SYSTEM READY

Five Members of Federal Reserve Board Handed Their Commissions by President Wilson Today.

**FIRST FORMAL MEETING
TO BE HELD THURSDAY**

Actual Taking of Office Final Step in Establishment of Absolutely New Banking System in United States.

Washington, Aug. 10.—The five members of the federal reserve board which will control the new federal banking system took the office today and immediately began completing the steps preliminary to the actual opening of the new system to business.

Charles S. Hamlin, F. A. Delano, W. G. Harding, Paul M. Warburg, and Adolph C. Miller received their commissions, signed by President Wilson from Secretary McAdoo, in his office where the ceremony took place. Mr. Hamlin is to be governor and Mr. Delano vice governor.

The first formal meeting will be held next Thursday.

The taking of office by the board was the last step in the preliminary state of launching a completely new banking system for this country, the subject of consideration in congress for many years. Officials expect the transition to be accomplished very smoothly and it is probable that the twelve reserve banks, authorized by law, will be open for business within a few weeks.

**ANIMAL INDUSTRY MEN
CONVENE IN DENVER**

Denver, Aug. 10.—The second annual convention of the National Association of the Bureau of Animal Industry Employees opened a three days' convention here today and immediately adjourned until tomorrow by request of Mrs. Woodrow Wilson.

Dr. J. Gibson of Albany, N. Y., is president. Seventy delegates from all parts of the country are in attendance. Governor E. M. Ammons and other state and city officials will address the convention at a banquet tonight.

127 cabin passengers, reported that their ship had been chased by a war vessel from a point some distance east of Nantucket lightship to nearly within sight of land.

The Minnetonka then the British Drake. When the pursuing warship, whose identity could not be made out, was sighted, the liner put on full speed. At nightfall, with the craft still following, all the lights on the liner were extinguished. By daylight the warship was out of sight.

Not far off the coast of the United States the Minnetonka was in communication with the British cruiser Essex which asked if any German cruisers had been sighted.

In mid-ocean the Minnetonka was in wireless communication with the British cruiser Drake. On Saturday the liner passed at a distance two American war vessels bound east. They were believed to have been the Tennessee and the North Carolina.

Among the cabin passengers on the Minnetonka was Owen Wister, the novelist.

**WORRIED OVER FATE OF
BRITISH CRUISER RAINBOW**

Ottawa, Ont., Aug. 10.—Canadian naval officials were uneasy today because the cruiser Rainbow has not been heard from since leaving San Francisco last Friday. The boat is equipped with wireless and heretofore has kept in touch with Canadian wireless stations in British Columbia.

**RAINBOW WAITING FOR
PRIZES OFF GOLDEN GATE**

Eureka, Cal., Aug. 10.—The steamer City of Tepeka, which arrived here today from San Francisco, reported that she sighted the British protected cruiser Rainbow, assigned to the service of Canada, off Point Reyes, yesterday afternoon. The captain of the Tepeka believes the Rainbow was standing on and off the Golden Gate looking for German prizes.

The length of time she will be able to do so, however, is not great, as she was allowed by the authorities of the port of San Francisco to take off but 50 tons of coal, sufficient to carry her with what she had to the nearest home port.

**NEW JERSEY BANKER
COMMITTS SUICIDE**

Ocean City, N. J., Aug. 10.—Louis M. Cross, president of the First National bank of this city, president of the Pleasant Mills Paper company, and formerly state senator from Cape May, committed suicide today by shooting. He was in poor health.

nomination of legislative candidates.

Democratic county conventions are being held today for Quay county at Tucumcari; for San Juan county, at Aztec; for Curry county, at Clovis; for Socorro county, at Socorro; for Torrance county, at Wildcat. Conventions were held in Otero county at Alamogordo on Saturday and for Luna county at Deming, also on Saturday.

All of these conventions have endorsed H. B. Ferguson for the party nomination at the Albuquerque convention.

That the Democratic state convention in this city a week from today will bring to Albuquerque one of the biggest crowds in the history of the city is the prediction of many Albuquerquians who have been traveling through the state during the past week. Not only is there lively interest in the convention itself, among the rank and file of delegates, as shown by the lively competition for places on the county delegations, but the low railroad rates and the meetings of the state editorial association are combining to swell the crowd.

Washington, Aug. 10.—The five members of the federal reserve board which will control the new federal banking system took the office today and immediately began completing the steps preliminary to the actual opening of the new system to business.

**COUNTY PRIMARIES OF
THE DEMOCRATS TONIGHT**

Bernalillo county Democrats will hold primaries for the election of delegates to the county convention Thursday night in the country precincts this afternoon and in Albuquerque tonight. The two city precincts will hold their meetings for precinct 32 in the New Mexico Athletic club gymnasium, in the old Masonic temple on North Third street, and the 26th precinct in the Central school building. Both primaries will be called to order at 8 o'clock, M. D. Vigil presiding in No. 26 and A. Fischer in No. 32. There is sharp rivalry for places on the state delegation and as a result the primaries may extend over Tuesday.

Arrangements for the convention are complete. Elks' theater will be equipped with county standards early in the week and the Commercial club committee has arranged for decorating the stage and for a band to be at the disposal of the convention members during the period of the convention, which it is not expected to carry on beyond Tuesday.

CONVENTION RESULTS**

Lincoln county Republicans in their convention in Capitan Saturday elected J. V. Tully, Clement Brightwell, Rómaldo A. Duran, Robert Brady, Leopoldo Pacheco, Charles Spence, Emilio Miranda and William Blanchard delegates to the state convention at Santa Fe. Brightwell was endorsed for the legislative nomination. Hightower is for Elfego Baca for the nomination for congress. Blanchard and Tully are said to be unopposed.

The Luna county Republican convention will be held in Deming August 14th. The Grant county Republican convention will meet at Silver City August 15th. The Republicans are urging a fusion ticket of legislative candidates.

**Practical Certainty of Demo-

[Special Dispatch to Evening Herald]

East Las Vegas, N. M., Aug. 10.—Comments among Republican leaders here today indicate a considerable change in sentiment toward the candidacy of W. H. Andrews for the Republican nomination for congress since the primary election in Bernalillo county last week. It had been generally believed here that Jesus Romero would be successful in his fight for Elfego Baca and that taking the delegation from his home county Andrews would be unable to set far in the Santa Fe convention, but with the increased vote from Bernalillo county behind him, and the probability that he will have the Socorro county delegation as well as that from Valencia county, leaders here this morning admitted that Andrews probably would be nominated.

Another feature of the situation which has caused the northern Republicans much trouble is to change their attitude toward Andrews is in the fact that thus far they have been unable to find a man willing to go into the convention to make the fight for the nomination against him. Herbert Clark, Steve Davis, Ralph E. Twitchell, Crampion of Bernalillo and all the rest who have been mentioned as dark horse possibilities, each and every one has refused to be nominated or even cheered up by the prospect. Recognizing the extreme probability of Mr. Ferguson's re-nomination and election, none of the boys care to go against a living game, especially when that game will require a very considerable campaign fund which no one but the candidate himself can be expected to put up. This matter of avoiding the campaign sinews is one of the strong points in the Andrews candidacy and one which the leaders here recognize. While still voicing privately their opposition to Andrews, the machine leaders admit that they have no candidate to advance against him and that the prospect now is that he will have little concentrated opposition in the Santa Fe convention.

**CATHON EXPECTED TO SMOOTH
THE WAY IN SANTA FE**

[Special Dispatch to Evening Herald]

Santa Fe, N. M., Aug. 10.—United States Senator Thomas Burton Cathon is expected home from Washington within the next week to take a hand in county politics which from the Republican standpoint are somewhat muddled up. Cathon is for Andrews for the congressional nomination. The boys here are against the Bill and do not hesitate to say so, although they admit today that his victory in Bernalillo county probably will give him the nomination. The senator is expected to straighten out the opposition to Andrews and line up the gang in the way it should go. Also Senator Cathon is to make the keynote speech in the Republican state convention on the 24th.
